THE MOMENT THE INDUSTRY TALKED ABOUT

\$4.6BN GAME CHANGING DEALS

Money20/20 Middle East saw
\$4.6 billion in strategic deals
announced, including:

\$2.4BN

Tamara secured a massive asset-backed facility from Goldman Sachs, Citi, and Apollo funds to support credit product expansion, payment innovation, and regional growth, aligning with Vision 2030 and the FSDP's goal to boost SME contributions to GDP.

\$1.75BN

Fasanara Capital in a strategic partnership with the Ministry of Investment plans to launch a landmark investment initiative in the Kingdom, focusing on fintech-enabled lending, SME financing, and advancing financial innovation in line with Saudi Arabia's Vision 2030.

\$157M

HALA closes Series B equity round, led by TPG's the Rise Fund and Sanabil investments, with participation from QED, Raed Ventures, Impact 46, and other leading investors.

THE THEMES SHAPING FINTECH

THE FUTURE FINANCIAL ARCHITECTURE

BRIDGING REGIONS, MARKETS AND SYSTEMS

The foundations of the global financial system are being re-engineered. This theme examines how policymakers, regulators and industry leaders are shaping interoperable rules, resilient infrastructure and public-private collaboration to enable secure innovation, financial stability, inclusion and scalable growth across borders.

TRUST BY DESIGN

RESILIENCE, SECURITY AND READINESS

Trust is the foundation of modern finance. As financial services become increasingly digital and interconnected, resilience, cybersecurity and operational readiness have become essential to financial stability. Protecting the systems, data and decisions that power the financial ecosystem is essential to maintaining confidence, ensuring continuity and adapting to a complex digital landscape.

AUTONOMOUS FINANCE

THE AI-DRIVEN REINVENTION OF FINANCIAL SERVICES

Agentic AI and autonomous systems are driving profound disruption across banking and fintech. Discover how AI is transforming institutions into intelligent, self-directing platforms that operate in real time, orchestrate ecosystems and redefine how financial value is created, delivered and scaled toward 2030 and beyond.

THE THEMES SHAPING FINTECH

EMPOWERED FINANCE

FROM FINANCIAL CAPABILITY TO PROSPERITY

Financial readiness is the foundation of lasting prosperity. As the financial landscape becomes more complex and interconnected, financial capability is emerging as the next frontier. Equipping individuals, businesses and economies with the knowledge, tools and confidence to adapt, participate and thrive. Empowering financial capability is essential to building resilience, expanding opportunity and enabling inclusive economic growth.

THE NEXT ERA OF PAYMENTS

CONNECTED, INSTANT AND INTEROPERABLE

The next era of payments is being built around trust, interoperability and real-time connectivity. The convergence of platforms, data and payment infrastructure is transforming how financial services are accessed, delivered and monetized, creating new opportunities for innovation and growth.

THE FUTURE OF CAPITAL

HOW MONEY IS BEING RE-ENGINEERED: WHO CONTROLS IT, HOW IT MOVES AND WHAT IT BUILDS NEXT.

The Future of Capital explores how money is being redefined, redistributed, and re-engineered in a world where capital is no longer just financial, but digital, programmable, and geopolitical. As technology, policy, and markets converge, new actors are shaping how capital moves, who accesses it, and what it builds next. We examine the power shifts reshaping global finance, and those who sit at the centre of capital's next era.

NAUMAN ALI

Founder & CEO, Orbii
(Money20/20 winner)

Money20/20 Middle East was a transformative event for Orbii...it opened doors to meaningful partnerships and leads that have already turned into deals. A rare platform that combines visibility, credibility, and tangible business outcomes.

”

ARMINEH BAGHOOMIAN

Managing Director, Head of EMEA and Co-Head of Global Fintech, Partners For Growth

It was a privilege to be part of it and an honor to be on stage with Dr. Osamah and David. Dalia and team - you did a fantastic job. I am proud to have been part of such an amazingly well curated and organized event.

”

DUNYA BASHITI

Co-Founder and CEO, Capifly

Moneysurge was an important milestone for us. It gave us the opportunity to engage with a wide range of investors and capital providers, which reinforced the demand for venture credit in the region.

FINTECH AFTER HOURS

MONEY MIXER

BY .MONEY 20/20 MIDDLE
EAST

WHERE BUSINESS GETS SOCIAL

Money Mixer takes the industry across Riyadh for an evening of networking and standout hospitality.

FINTECH AFTER HOURS

MONEY DINNER

BY MONEY
20/20 MIDDLE
EAST

WHERE THE REAL NETWORKING HAPPENS

Some deals start on stage. Others start at dinner. The Gala Dinner celebrates the visionaries who shape tomorrow in an evening built for meaningful access and higher-level relationship building.

WELCOME TO MONEY DINNER

THE VALUE OF BEING IN THE ROOM

FINTECHS

Get in front of the people writing the region's next big cheques. From banks and investors to Big Tech and payments powerhouses, this is your chance to show what you've built and who it's built for – in a market shaped by rapid fintech adoption and investment.

STARTUPS & INVESTORS

This is your launchpad to connect with top-tier VCs, accelerators and corporate investors ready to back the region's next fintech success story.

BIG TECH

Plug into the fintech ecosystem and build smarter partnerships. Money20/20 Middle East is where cloud, AI and payments tech collide with the banking sector to build the infrastructure of tomorrow.

MERCHANTS & RETAILERS

Meet the fintech companies changing how customers pay, discover partners that help you scale faster, and explore the technologies shaping the future of commerce.

ACADEMIC AND INNOVATORS

This is where ideas get a seat at the table. Whether you're researching the future or building it, connect with the industry players ready to turn theory into action and prototypes into products.

GOVERNMENT & REGULATORS

Join the table where policy meets possibility. Shape the region's fintech future in closed-door roundtables on AI governance, open finance and digital banking, alongside global regulators and the private sector.
